To whom it may concern,

UPM REFERENCE LETTER FOR ASIA EXCHANGE

Universiti Putra Malaysia, in Kuala Lumpur, Malaysia, and Asia Exchange, a Finnish study abroad organization, begun their official partnership on the 13th of September in 2013. Asia Exchange is allowed to represent Universiti Putra Malaysia and recruit and accept applications of mobility students on our behalf. Asia Exchange also helps students with their questions before and after the semester.

Asia Exchange has demonstrated a great capacity to handle the recruitment and acceptance of students. Asia Exchange also helps students with practical matters such as accommodation and student visa, and sends the students all the official documents, such as transcripts of records at the end of the semester.

Asia Exchange has organized study abroad semesters for Universiti Putra Malaysia for almost 300 students since 2013. Most students come from European universities but U.S. college students have been a steady presence in the program since its beginning – and are increasing in numbers.

Universiti Putra Malaysia and students' home institutions save costs, time and resources by working together with Asia Exchange. Once a student decides to apply through Asia Exchange, Asia Exchange will take care of the paperwork and advising of the students prior and after the semester relieving home universities from the considerable workload. The arrangement has proven itself accountable and transparent to all parties. Universiti Putra Malaysia and Asia Exchange have a close and personal working relationship.

I sincerely encourage universities for open cooperation with us and Asia Exchange and hope that more students will choose Universiti Putra Malaysia as their study abroad choice in the future.

Thank you

'WITH KNOWLEDGE WE SERVE'

Yours sincerely,

(PROF. DR. ZAINAL ABIDIN TALIB)
