BUILDING POWERFUL
RELATIONSHIPS ECF4C16

Distance Learning Study Program

BUILDING POWERFUL RELATIONSHIPS (5 ECTS)

COURSE DESCRIPTION

The course “Building powerful relationships” is designed to investigate the correlation of great leadership and business relationships. Students will learn how to think and act effectively to build high quality relationships with stakeholders. The course will understand that in today’s fast paced world, high quality relationships enable effective individual growth and adaptation to change. Supported by case studies, students will get insights into organizations where knowledge is the basis for competitive advantage and where high-quality relationships between people enable more effective individual and organizational learning. Another crucial element of this course is to get the understanding of how high-quality relationships in organizations build individual commitment and cooperation. Thus, create job security.

OBJECTIVES

By the end of this course, you will be able to:

1. Enhance self-awareness about own relationship-building skills and experiences
2. Develop needed skills for effective high-quality professional relationship building
3. Develop awareness and skills for minimizing damage from low quality and damaged business relationships

LEARNING METHODS

You will study with CLANED, a leading distance learning platform developed in Finland, Europe. In CLANED, you will enter a virtual classroom and learn with the aid of articles, online presentations, video presentations, interactive workshops, and project work. In addition to that, you will engage in interactive quizzes and assignments.

ASSESSMENT AND EVALUATION

Throughout the student journey in the distance learning study course, students will encounter weekly quizzes and assignments. In addition to that, they will face midterm exams after the first six sessions, and the final exam after the last online class has been completed. To complete a distance learning course, students must pass all quizzes and exams as students must pass examinations to unlock the following study contents.

The assessment and evaluation in each distance learning course include detailed performance analytics and grades, given in %. In addition, each student will receive certification about study behavior analytics, including weekly study times, information about the study frequency, measured attendance, and total accumulated study time.
